Choice Based Credit System

The Choice Based Credit System (CBCS) gives freedom to the students to study papers of their choice. The CBCS as recommended by the Manonmaniam Sundaranar University is being followed from the academic year 2008-2009 onwards. Credits vary in proportion with the instructional hours and the nature of the syllabus content.

For completing a course, a minimum of (140+5) credits for UG and (90+2) for PG should be earned by each candidate.

<div align="center">**EVALUATION OF STUDENTS**</div>

I Evaluation of Students

The evaluation of a student in a particular course is based on her performance in the (i) Continuous Internal Assessment (CIA) and the (ii) End Semester Examinations (ESE). For each theory paper, the maximum marks for CIA and ESE are 25 and 75 respectively and for each practical paper the corresponding marks are 40 and 60, in both the UG and the PG courses. Though there is no pass minimum for CIA, a student must write at least 2 CIA to be eligible for appearing in ESE. For UG the pass minimum in ESE in theory is 35% and practical is 40%.The aggregates of both CIA and ESEmust be 40% for a pass. For PG the pass minimum in ESE in theory and in practical is 50%.The aggregate of both CIA and ESE with a minimum of 50% is a pass.

a) Internal Tests

There are 3 internal tests CIA 1, CIA 2 and CIA 3for each paper in a semester. Three tests will be held at an interval of 30 working days. Each test is of 1 hour duration. Question papers will be set from 5 units of the syllabus which would be covered before the 3 internal tests. The average marks of the best two tests will be taken. If a student does not write two CIA tests the student is ineligible to appear for ESE.

Students who absent themselves for the tests will lose the marks for that test(s). However, if a student, for some genuine reasons, is not able to attend a test with the permission of the Head of the Department she can be given a retest.

Consolidation of the CIA marks will be done in the department within seven days after the 3 internal tests and the students will be asked to verify their CIA marks and sign before the mark sheets are sent to the Controller's Office.
