EVALUATION OF STUDENTS

I Evaluation of Students

The evaluation of a student in a particular course is based on her performance in the (i) Continuous Internal Assessment (CIA) and the (ii) End Semester Examinations (ESE). For each theory paper, the maximum marks for CIA and ESE are 25 and 75 respectively for both UG and PG. For each practical paper the maximum marks for internal and external are 40 and 60 for UG and 20 and 30 for PG respectively. For UG there is no pass minimum for CIA, A student must write at least two CIA to be eligible for appearing in ESE. For UG the pass minimum in ESE in theory and for practical it is 40%. Aggregates of both CIA and ESE must havea40% for a pass. For PG there is a minimum of 50 % for CIA. An aggregate of both CIA and ESE with a minimum of 50% is a pass.

a) Internal Tests

There are three internal tests CIA 1, CIA 2 and CIA 3 for each paper in a semester. Three tests will be held at an interval of 30 working days. Each test is of 1 hour duration. Question papers will be set from five units of the syllabus which would be covered before the 3 internal tests. The average marks of the best two tests will be taken.

Students who absent themselves for the tests will lose the marks for that test(s). However, if a student is not able to attend the test for some genuine reasons, she can be given the retest with the permission of the Head ofthe Department.

Consolidation of the CIA marks will be done in the department within seven days after the three internal tests and the students will be asked to verify their CIA marks and sign before the mark sheets are sent to the Controller's Office.
